- A. audit report.
- B. income statement.
- C. balance sheet.
- D. statement of retained earnings.

45. Which of the following is **not** true?

- A. $\text{Assets} = \text{Liabilities} + \text{Stockholders' Equity}$
- B. $\text{Liabilities} = \text{Assets} - \text{Stockholders' Equity}$
- C. $\text{Stockholders' Equity} + \text{Liabilities} - \text{Assets} = 0$
- D. $\text{Liabilities} - \text{Stockholders' Equity} = \text{Assets}$

46. Which of the following is not a professional certification for accountants?

- A. CFO
- B. CPA
- C. CMA
- D. CIA

47. At the end of last year, the company's assets totaled \$860,000 and its liabilities totaled \$740,000. During the current year, the company's total assets increased by \$58,000 and its total liabilities increased by \$24,000. At the end of the current year, stockholders' equity was

- A. \$154,000.
- B. \$120,000.
- C. \$34,000.
- D. \$178,000.

48. A company's balance sheet contained the following information:

Contributed Capital	\$12,000	Total Assets	\$176,000
Accounts Payable	\$64,000	Retained Earnings	\$28,000

Assume Notes Payable is the only other item on the balance sheet. Notes Payable must equal

- A. \$200,000.
- B. \$8,000.
- C. \$72,000.
- D. \$344,000.

49. During its first year of operations, Widgets Incorporated reported sales revenue of \$386,000 but collected only \$303,000 from customers. The amount to be reported as accounts receivable at the end of the year is

- A. \$689,000.
- B. \$386,000.
- C. \$303,000.
- D. \$83,000.

50. If XYZ Company had \$12 million in revenue and net income of \$3 million, then its:
- A. expenses must have been \$15 million.
 - B. expenses must have been \$9 million.
 - C. assets must have been \$12 million.
 - D. assets must have been \$3 million.
51. The Whackem-Smackem Software Company sold \$11 million of computer games in its first year of operations. The company received payments of \$7.5 million for these computer games. The company's income statement would report:
- A. sales revenue of \$7.5 million.
 - B. accounts receivable of \$3.5 million.
 - C. expenses of \$3.5 million.
 - D. sales revenue of \$11 million.
52. Dividends are reported on the:
- A. Income statement.
 - B. Balance sheet.
 - C. Statement of retained earnings.
 - D. Income statement and balance sheet.

53. Which of the following would **not** affect a company's net income?

- A. A change in the company's income taxes.
- B. Changing the selling price of a company's product.
- C. Paying a dividend to stockholders.

- A. \$56,000.
- B. \$18,000.
- C. \$94,000.
- D. \$38,000.

68. Which of the following is **not** an expense?

- A. Wages of employees.
- B. Interest incurred on a loan the company had taken out.
- C. Dividends.
- D. Corporate income tax.

69. Which of the following is true regarding a company's fiscal year?
- A. All companies have a December 31 year end.
 - B. It usually corresponds to a company's slow period.
 - C. It always corresponds to the calendar year.
 - D. The Financial Accounting Standards Board assigns a year end to each company.
70. Every financial statement should have "who, what, and when" in its heading. These are:
- A. the name of the person preparing the statement, the type of financial statement, and when the financial statement was reported to the SEC.
 - B. the name of the person preparing the statement, the name of the company, and the date the statement was prepared.
 - C. the name of the company, the type of financial statement, and the time period or date from which the data were taken.
 - D. the name of the company, the purpose of the statement, and when the financial statement was reported to the IRS.
71. Which of the following **is not** a difference between notes payable and accounts payable?
- A. Notes payable are not interest free while accounts payable may be interest free.
 - B. Notes payable are often outstanding for longer periods of time than accounts payable.
 - C. Notes payable are documented using formal written debt contracts while accounts payable are generally informal.
 - D. Notes payable are reported as stockholders' equity on the balance sheet while accounts payable are reported as liabilities on the balance sheet.

72. The WC Company borrowed \$26,500 from a bank during 2013.
- A. This would be listed as (\$26,500) under investing activities on the statement of cash flows.
 - B. This would be listed as (\$26,500) under operating activities on the statement of cash flows.
 - C. This would be listed as \$26,500 under investing activities on the statement of cash flows.
 - D. This would be listed as \$26,500 under financing activities on the statement of cash flows.
73. Which of the following would be acceptable as an alternative term used for the income statement?
- A. Statement of Operations.
 - B. Statement of Financial Position.
 - C. Statement of Retained Earnings.
 - D. Statement of Revenues and Expenses.
74. A creditor might look at a company's financial statements to determine if the:
- A. company is likely to have the resources to repay its debts.
 - B. company's stock is likely to fall, signaling a good time to sell.
 - C. company's stock is likely to rise, signaling a good time to buy.
 - D. company pays a dividend.

75. An investor might look at a company's financial statements to determine all of the following, except:

- A. if the company's earnings are rising or falling.
- B. if the company pays a dividend.
- C. if the company has positive cash flow.
- D. if the company's owners are financially sound.

76. What would a financial statement user learn from reading the auditors' report?

- A. Whether the financial statements present a fair picture of the company's financial results and are prepared in accordance with GAAP.
- B. Whether or not it is a good time to purchase the stock.
- C. How much the company plans to distribute as dividends.
- D. Whether or not the company has plans for future expansion.

77. Which of the following business organizations has only one owner?

- A. A corporation.
- B. A sole proprietorship.
- C. A public company.
- D. A partnership.

78. Internal users of financial data include:

- A. investors.
- B. creditors.
- C. management.
- D. regulatory authorities.

79. Investors are often interested in the amount of net income distributed as dividends. In which section of the financial statements would investors look to find this amount?

- A. Statement of retained earnings.
- B. Balance sheet.
- C. Notes to the financial statements.
- D. Income statement.

80. A company's quarterly income statements show that in the last three quarters both sales revenue and net income have been falling. Which of the following conclusions drawn by users are valid, given this information?

- A. Creditors are likely to conclude that the risk of lending to the company is falling and might be willing to accept a lower interest rate on loans.
- B. Investors are likely to conclude that the stock price is likely to rise, making the company more attractive as a potential investment.
- C. Customers are likely to conclude that the company is struggling, therefore it is permissible to take longer to pay amounts they owe to the company.
- D. Owners may conclude that the company will be less likely to distribute dividends.

81. Investors and creditors look at the balance sheet to see whether the company:
- A. is profitable.
 - B. owns enough assets to pay what it owes to creditors.
 - C. has had a positive cash flow from operations.
 - D. is paying sufficient dividends to stockholders.
82. To determine whether generally accepted accounting principles (GAAP) were followed in the preparation of financial statements, an examination of:
- A. tax documents would be performed by the IRS.
 - B. the annual report would be performed by the SEC.
 - C. the financial statements and related documents would be performed by an independent auditor.
 - D. the financial statements and related documents would be performed by the FASB.
83. Generally accepted accounting principles (GAAP) were (are) established by:
- A. an Italian monk in 1494.
 - B. the U.S. Congress in 1933.
 - C. the PCAOB in 2004.
 - D. the FASB on an ongoing basis.

84. Which of the following statements is false?

- A. When choosing between a company that pays steady dividends and one that retains its earnings to support future growth, investors will always choose the company that pays steady dividends.
- B. Companies can develop reputations for honest financial reporting even when conveying bad news.
- C. Trends in a company's net income from year to year can provide clues about its future earnings, which can help investors to decide whether to buy stock in the company.
- D. Information in the notes to the financial statements can influence a user's interpretation of balance sheet and income statement information.

A company started the year with the following: Assets \$100,000; Liabilities \$30,000; Contributed Capital \$60,000; Retained Earnings \$10,000. During the year the company earned revenue of \$5,000, all of which was received in cash, and incurred expenses of \$3,000, all of which was unpaid as of the end of the year. In addition, the company paid dividends of \$1,000 to owners. Assume no other activities occurred during the year.

85. What was the amount of net income for the year?

- A. \$2,000
- B. \$1,000
- C. \$3,000
- D. \$5,000

86. The amount of retained earnings at the end of the year is

- A. \$15,000.
- B. \$11,000.
- C. \$12,000.
- D. \$1,000.

87. The amount of liabilities at the end of the year is

- A. \$30,000.
- B. \$33,000.
- C. \$28,000.
- D. \$32,000.

88. The amount of assets at the end of the year is

- A. \$105,000.
- B. \$108,000.
- C. \$104,000.
- D. \$107,000.

89. Which of the following would not be reported on the Balance Sheet for a company?

- A. Accounts receivable
- B. Accounts payable
- C. Advertising expense
- D. Cash

90. Which of the following statements about financial accounting is true?
- A. Produces reports for external users.
 - B. Produces reports for internal users.
 - C. Produces reports that are used by employees.
 - D. Produces reports that are used to determine how the company finances its growth.
91. A company incurred \$2,000 for utilities for the last month of the year. The company has not paid this bill yet. Choose the TRUE statement.
- A. \$2,000 should be reported on the income statement as Utilities Expense.
 - B. Nothing should be reported about this in the current year's financial statements.
 - C. \$2,000 should be reported as Accounts receivable on the Balance Sheet at the end of the year.
 - D. \$2,000 should be reported as Utilities Expense on the Balance Sheet at the end of the year.
92. A company began the year with Assets of \$100,000, Liabilities of \$20,000 and Stockholders' equity of \$80,000. During the year Assets increased \$55,000 and stockholders' equity increased \$20,000. What was the change in Liabilities for the year?
- A. Increase of \$75,000
 - B. Increase of \$35,000
 - C. Decrease of \$75,000
 - D. Decrease of \$35,000

93. For the current year, the first year of operations, a company sold \$100,000 of goods to customers and received \$90,000 in cash from customers. The remainder is owed to the company at the end of the year. The company incurred \$70,000 in expenses for the year and paid \$65,000 of these in cash. The remainder is owed by the company at the end of the year. Based on this information, what is the amount of net income for the year?

- A. \$25,000
- B. \$35,000
- C. \$20,000
- D. \$30,000

94. Which of the following items appear on more than one financial statement?

- A. Ending cash and ending retained earnings.
- B. Ending cash and beginning retained earnings.
- C. Beginning cash and ending retained earnings.
- D. Beginning cash and beginning retained earnings.

95. A company incurred \$5,000 in wages for employees for the year. \$4,500 of these wages were paid by the end of the year. Choose the TRUE statement.

- A. Wages payable on the income statement will be \$4,500.
- B. Wages expense on the income statement will be \$500.
- C. Wages expense on the balance sheet will be \$5,000.
- D. Wages payable on the balance sheet will be \$500.

96. Net income appears on which of the following financial statements?

- A. Balance sheet and income statement.
- B. Balance sheet and retained earnings statement.
- C. Balance sheet and cash flow statement.
- D. Income statement and retained earnings statement.

97. Which of the following statements about organizational forms of a business is FALSE?

- A. In a sole proprietorship form of business or in a partnership form, the owner(s) are personally responsible for the debts of the business.
- B. The partnership agreement states how profits are to be shared between partners and what happens when a new partner is to be admitted or an existing partner is retiring.
- C. A corporation is a separate entity from both a legal and accounting perspective.
- D. The owners of a corporation are legally responsible for the corporation's debts and taxes.

98. A legal document called a stock certificate is used to indicate ownership in a

- A. Corporation
- B. Sole proprietorship
- C. Partnership
- D. Both sole proprietorship and partnership

99. Stockholders' equity is

- A. a liability of the business.
- B. an economic resource controlled by the business.
- C. the owners' claims on the business.
- D. the profit generated by the business.

100. The income statement

- A. reports the assets, liabilities, and stockholders' equity of a company.
- B. reports cumulative earnings that have not been distributed to stockholders.
- C. reports the amount of profit distributed to owners during the period.
- D. reports the amount of revenues earned and expenses incurred during the period.

101. Which of the following statements concerning financial reporting is FALSE?

- A. Accounting rules in the U.S. are called GAAP.
- B. Accounting rules developed by the IASB are called IFRS.
- C. Both GAAP and IFRS share the same goal which is to ensure useful information to users of financial statements.
- D. There are no differences between the accounting rules developed by FASB and those developed by IASB.

102. Which of the following statements concerning financial reporting is TRUE?

- A. The FASB requires all financial decision makers to adhere to a code of professional conduct.
- B. The Sarbanes-Oxley Act does not require businesses to maintain an audited system of internal control.
- C. A fundamental characteristic of useful financial information is that it fully depicts the economic substance of business activities.
- D. There is no attempt to eliminate the difference in accounting rules in the U.S. and elsewhere as this would prevent investors from comparing financial statements of companies from different countries.

103. The statement of cash flows shows the following information:

Cash Flows from operating activities	\$16,500
Cash Flows from investing activities	(\$8,400)
Cash Flows from financing activities	(\$2,900)

The beginning cash was \$14,000.

What is the amount of cash at the end of the period?

- A. \$41,800
- B. \$30,500
- C. \$8,800
- D. \$19,200

104. Which of the following would not appear as a possible asset on the balance sheet?

- A. Accounts receivable
- B. Supplies
- C. Retained earnings
- D. Cash

105. Which of the following would not appear as a possible liability on the balance sheet?

- A. Accounts payable
- B. Contributed capital
- C. Notes payable
- D. Wages payable

106. The statement of cash flows for a company contained the following:

Cash Flows from Operating activities	\$29,000
Cash Flows from Investing activities	\$30,000
Cash Flows from Financing activities	(\$45,000)

What was the change in cash for the period?

- A. \$14,000 increase
- B. \$15,000 increase
- C. \$14,000 decrease
- D. \$15,000 decrease

A company's financial records at the end of the year were as follows:

Cash	\$70,000
Accounts receivable	28,000
Supplies	4,000
Accounts payable	10,000
Notes payable	5,000
Retained earnings, beginning of period	17,000
Contributed capital	40,000
Service Revenue	53,000
Wages expense	8,000
Advertising expense	5,000
Rent expense	10,000

107. What is the amount of net income on the income statement for the year?

- A. \$30,000
- B. \$38,000
- C. \$88,000
- D. \$47,000

108. What is the amount of total assets to be reported on the balance sheet at the end of the year?

- A. \$112,000
- B. \$102,000
- C. \$119,000
- D. \$155,000

109. What is the amount of total stockholders' equity that would be reported on the Balance Sheet at the end of the year?

- A. \$30,000
- B. \$57,000
- C. \$87,000
- D. \$102,000

A company began the year with assets of \$100,000 and liabilities of \$75,000. During the year assets increased by \$12,000 and liabilities decreased by \$9,000.

110. What is the amount of stockholders' equity at the beginning of the year?

- A. \$0.
- B. \$25,000.
- C. \$175,000.
- D. \$100,000.

111. What is the amount of the change in stockholders' equity during the year?

- A. \$3,000 increase
- B. \$21,000 increase
- C. \$21,000 decrease
- D. \$3,000 decrease

112. In this period, a company recorded sales revenue of \$50,000 from sales of goods to customers who agreed to pay later. In the next period, the company received payment from customers of \$45,000. Choose the TRUE statement.

- A. Revenue for this period is \$45,000.
- B. Accounts receivable at the end of this period is \$50,000.
- C. Accounts payable at the end of this period is \$5,000.
- D. Cash for next period will increase by \$50,000.

113. Investing activities on the Statement of Cash Flows are

- A. transactions with lenders, borrowing and repaying cash.
- B. transactions with stockholders, selling company stock and paying dividends.
- C. transactions directly related to running the business to earn profit.
- D. transactions of buying or selling productive resources with long lives.

114. Faithful representation is a characteristic of external financial reporting that means

- A. the financial reports of a business are assumed to include the results of only that business's activities.
- B. financial information can be compared across businesses because similar accounting methods are applied.
- C. the results of business activities are reported using an appropriate monetary unit.
- D. financial information depicts the economic substance of business activities.

115.Relevance is an objective of external financial reporting that means

- A. the financial reports of a business are assumed to include the results of only that business's activities.
- B. financial information can be compared across businesses because similar accounting methods have been applied.
- C. the financial information possesses a feature that allows it to influence a decision.
- D. the financial information depicts the economic substance of business activities.

116.The separate entity assumption means

- A. the financial information depicts the economic substance of the business activities.
- B. the financial reports of a business are assumed to include the results of only that business's activities.
- C. the results of business activities are reported in an appropriate monetary unit.
- D. the financial information can be compared across businesses because similar accounting methods have been applied.

117.Assets reported on the balance sheet would include which of the following?

- A. Accounts receivable, sales revenue and cash
- B. Equipment, supplies expense and cash
- C. Accounts payable, retained earnings and cash
- D. Accounts receivable, equipment and cash

118. Liabilities on the balance sheet would include which of the following?

- A. Accounts payable, notes payable and contributed capital
- B. Accounts receivable, supplies expense and retained earnings
- C. Accounts payable, notes payable and wages payable
- D. Contributed capital, retained earnings and notes payable

119. Which of the following statements is FALSE?

- A. Cash flows from financing activities would appear on the Statement of Cash Flows.
- B. Dividends would appear on the Statement of Retained Earnings.
- C. Assets would appear on the Income Statement.
- D. Revenues would appear on the Income Statement.

The first year of operations for a company was 2013. The net income for the year 2013 was \$20,000 and dividends of \$12,000 were paid. In 2014, the company reported net income of \$34,000 and paid dividends of \$5,000. At the end of 2013, the company had total assets of \$150,000, and at the end of 2014, total assets were \$240,000.

120. What was the amount of retained earnings at the end of 2013?

- A. \$20,000.
- B. \$8,000.
- C. \$150,000.
- D. \$155,000.

121. What is the amount of retained earnings at the end of 2014?

- A. \$37,000.
- B. \$240,000.
- C. \$29,000.
- D. \$269,000.

The following accounts are taken from the December 31, 2014 financial statements of a company.

Accounts payable	\$ 2,075
Accounts receivable	800
Selling & Administrative expenses	2,500
Cash	2,200
Contributed capital	2,000
Dividends	1,900
Income tax expense	400
Interest expense	75
Other expenses	500
Notes payable	5,000
Other assets	2,500
Other liabilities	3,000
Other operating expenses	2,000
Other revenue	300
Property and equipment	11,000
Retained earnings as of December 31, 2013	4,800
Salaries expense	3,000
Supplies	300
Service revenue	10,000

122. What is the amount of net income for the year 2014?

- A. \$3,825.
- B. \$1,825.
- C. \$10,300.
- D. \$5,625.

123. What is the amount of total assets at the end of 2014?

- A. \$16,800.
- B. \$16,500.
- C. \$21,600.
- D. \$23,500.

124. What is the amount of total liabilities at the end of 2014?

- A. \$7,075
- B. \$10,075
- C. \$9,075
- D. \$12,975

125. What is the amount of retained earnings on the Balance Sheet at the end of 2014?

- A. \$7,725
- B. \$6,725
- C. \$4,800
- D. \$4,725

126. Choose the TRUE statement.

- A. A company with Net Income will also have a cash increase from operating activities.
- B. A company with Liabilities of \$80,000 and Stockholders' equity of \$50,000 will have Assets of \$30,000.
- C. If a company has total revenues of \$80,000, total expenses of \$50,000 and dividends of \$10,000, they will have net income of \$20,000.
- D. A company with total stockholders' equity of \$120,000 and contributed capital of \$75,000 must have total retained earnings of \$45,000.

127. According to Generally Accepted Accounting Principles, which of the following is **not** a characteristic of useful financial information?

- A. comparable.
- B. verifiable.
- C. timely.
- D. ethical.

128. Which of the following would be reported on the income statement for the year?

- A. The amount of cash at the end of the year.
- B. The amount of supplies used up during the current year.
- C. The amount of dividends distributed to owners during the current year.
- D. The amount of unpaid employee wages at the end of the year.

129. Which of the following would be reported on the income statement for the current year?

- A. In the current year, the company sold goods to customers who agreed to pay next year.
- B. In the current year, the company received payment in cash for goods that were sold to customers last year.
- C. In the current year, the company borrowed money from the bank which is to be used in the business activities this year.
- D. In the current year, the company issued stock to owners and received cash immediately.

130. Which of the following statements is true regarding accounting standards used in other countries?

- A. U.S. GAAP is used worldwide.
- B. IFRS are used by all countries.
- C. More and more countries are using IFRS.
- D. There are no plans to converge U.S. GAAP with IFRS.

131. The unit of measure assumption means that:

- A. all multinational companies use the U.S. dollar in transacting business.
- B. all multinational companies prepare financial reports in U.S. dollars.
- C. a multinational company based in the U.S. will translate any transactions in foreign currency to U.S. dollars.
- D. IFRS requires all multinational companies to translate transactions in various currencies to U.S. dollars.

A company started the current year with assets of \$700,000, liabilities of \$350,000 and contributed capital of \$200,000. During the current year, assets increased by \$400,000, liabilities decreased by \$50,000 and contributed capital increased by \$275,000. There was no payment of dividends to owners during the year.

132. Based on this information, what was the amount of retained earnings at the beginning of the year?

- A. \$150,000
- B. \$850,000
- C. \$550,000
- D. \$350,000

133. What was the amount of the change in total stockholders' equity during the year?

- A. \$350,000 increase
- B. \$450,000 increase
- C. \$250,000 increase
- D. \$200,000 increase

134. What was the amount of net income for the year?

- A. \$225,000
- B. \$275,000
- C. \$175,000
- D. \$450,000

The Statement of Cash Flows for the current year contained the following:

Cash Inflow from customers	\$10,000
Cash Outflow from purchase of equipment	\$40,000
Cash Inflow from capital contributed by stockholders	\$30,000
Cash Outflow from payments to suppliers & employees	\$ 5,000
Cash Outflow from payment of dividends to stockholders	\$ 1,000
Cash Inflow from borrowing from the bank	\$20,000

The change in cash for the current year was an increase of \$14,000.

135. What was the amount of Cash Flows from Operating Activities?

- A. Cash inflow of \$5,000
- B. Cash inflow of \$35,000
- C. Cash inflow of \$25,000
- D. Cash inflow of \$4,000

136. What was the amount of Cash Flows from Investing Activities?

- A. Cash Outflow of \$1,000
- B. Cash Outflow of \$40,000
- C. Cash Outflow of \$10,000
- D. Cash Inflow of \$10,000

137. What is the amount of Cash Flows from Financing Activities?

- A. Cash outflow of \$40,000
- B. Cash inflow of \$5,000
- C. Cash inflow of \$49,000
- D. Cash inflow of \$10,000

138. The amount of beginning retained earnings is equal to which of the following?

- A. The beginning retained earnings of the prior year.
- B. The ending retained earnings of the prior year.
- C. The beginning retained earnings of the next year.
- D. The ending retained earnings of the next year.

Essay Questions

The table shows financial data for Purrfect Pets, Inc. as of June 30, 2013.

Accounts Receivable	\$419,200
Retained Earnings	117,900
Inventories	58,400
Other Assets	69,400
Accounts Payable	349,200
Property, Plant and Equipment	118,500
Cash	732,600
Contributed Capital	662,100
Notes Payable	268,900

139. Prepare a balance sheet using these data.

140. Fill in the missing items in the balance sheet.

PURRFECT PETS, INC.
BALANCE SHEET
SEPTEMBER 30, 2013

Assets	
Cash	\$743,800
Accounts Receivable	?
Inventories	54,900
Property, Plant and Equipment	119,300
Other Assets	<u>71,400</u>
Total Assets	<u>\$ _____ ?</u>
Liabilities	
Accounts Payable	\$342,500
Notes Payable	<u>?</u>
Total Liabilities	<u>607,600</u>
Stockholders' Equity	
Contributed Capital	662,100
Retained Earnings	<u>?</u>
Total Equity	<u>789,400</u>
Total Liabilities and Stockholders' Equity	<u>\$ _____ ?</u>

141. A list of 2013 revenues and expenses for Green Thumb, Inc. is provided below

Advertising and Promotion Expenses	\$ 262,500
Income Tax Expense	56,500
Interest Expense	43,900
Other Expenses	122,400
Other Selling and Administrative Expenses	350,800
Sales Revenue	1,865,300
Wages Expense	724,800

A) Calculate the net income for the Green Thumb, Inc. for 2013.

B. Prepare a retained earnings statement for Green Thumb, Inc. for 2013. Assume the company had retained earnings of \$162,000 as of January 1, 2013, and paid out \$46,000 in dividends during the year,

142. Each of the following independent companies is missing numerical data. Use your knowledge of the financial statement equations and their interrelationships to fill in the missing amounts.

Company	Total Revenues	Total Expenses	Net Income (Loss)	Total Assets	Total Liabilities	Stockholders' Equity
Alpha Co.	\$60,000	\$	\$20,000	\$	\$33,000	\$66,000
Bravo, Inc.		100,000	(30,000)	130,000		38,000
Charlie Co.	30,000	10,000		60,000	40,000	

143. Use the following 2013 data to prepare the annual income statement for Kvass, Inc.

Other Selling and Administrative Expenses	\$1,050,300
Other Expenses	247,600
Sales Revenue	4,885,300
Advertising and Promotion Expenses	552,500
Wages Expense	2,524,400
Income Tax Expense	166,500
Interest Expense	113,900

144. Following is a list of financial statement items and amounts for Tim Burr's Tree Service as of 12/31/13, the end of its first year in operation. Use this information to prepare the Income Statement, Statement of Retained Earnings, and Balance Sheet.

Accounts Receivable	\$40,000
Accounts Payable	30,000
Cash	10,000
Contributed Capital	20,000
Notes Payable	10,000
Equipment	50,000
Service Revenue	100,000
Fuel Expense	10,000
Rent Expense	15,000
Advertising Expense	5,000
Wages Expense	20,000
Retained Earnings	?
Dividends	10,000

145. Match the category of business activity to the specific business action.

A. Operating activity.

B. Investing activity.

C. Financing activity.

_____ 1. The purchase of a new line of assembly equipment.

_____ 2. Company payment of a dividend.

_____ 3. The purchase of office supplies.

_____ 4. The purchase of advertising time by the company.

_____ 5. The building of a new factory.

_____ 6. Company repayment of a bank loan.

146. Match the characteristic of the company with the description of the type of company.

- A. Partnership.
- B. Publicly traded corporation.
- C. Privately traded corporation.
- D. Sole Proprietorship.

- _____ 1. Issues shares of stock that are traded on a stock exchange such as the NYSE.
- _____ 2. The owners of the business are personally liable for the debts of the company.
- _____ 3. Shares of stock must be purchased directly from current owners.
- _____ 4. Can raise more financial capital by selling stock to the greatest number of investors.
- _____ 5. The easiest form of business to start.
- _____ 6. The business ceases to exist upon the departure of one of the owners.
- _____ 7. The owners pay taxes on the profits of the business.

147. Match the lettered terms to the blanks below to complete the relevant formula for each financial statement.

- A. Cash at beginning of year
- B. Net cash flow from operating activities
- C. Balance of retained earnings from previous year
- D. Net cash flow from investing activities
- E. Liabilities
- F. Net cash flow from financing activities
- G. Balance of retained earnings at end of year
- H. Net income
- I. Revenue
- J. Assets
- K. Stockholders' equity
- L. Expenses
- M. Cash at end of year
- N. Dividends paid

A letter may be used more than once. Use the blank on the left side of the equal sign for the "bottom line" number that is reported at the end of each financial statement. Rearrange the formula if necessary.

Balance Sheet	_____	=	_____	+	_____				
Income Statement	_____	=	_____	-	_____				
Statement of Retained Earnings	_____	=	_____	+	_____	-	_____		
Statement of Cash Flows	_____	=	_____	±	_____	±	_____	+	_____

148. Each item in the statement of retained earnings can appear on another financial statement.

Match the letter of the financial statement with the item in the statement of retained earnings.

A. Balance sheet at end of 2013

B. Statement of cash flows for 2013

C. Income statement for 2012

D. Balance sheet at end of 2012

E. Income statement for 2013

___ Retained earnings, January 1, 2013

___ Net income for 2013

___ Dividends for 2013

___ Retained earnings, December 31, 2013

149. Match the acronym with the description that best reflects it. (There are more descriptions than acronyms.)

- _____ SEC
- _____ GAAP
- _____ PCAOB
- _____ FASB
- _____ IASB
- _____ SOX
- _____ AICPA

- A. The international society that reviews comparative accounting practices around the world.
- B. Created in 1933, this organization regulates activities associated with the stock market such as the reporting of financial data by publicly owned companies.
- C. The U.S. agency that must approve mergers between very large publicly owned corporations.
- D. The national professional organization of accountants.
- E. A set of laws established to strengthen corporate reporting in the U.S.
- F. The U.S. board that approves the rules for auditing publicly owned companies.
- G. The rules of accounting in the U.S.
- H. The organization that establishes business laws in the U.S.
- I. The U.S. agency that certifies foreign accounting firms to practice in the US.
- J. The board that establishes the accounting rules that govern American publicly owned corporations.

150. Match the term with the explanation. (There are more explanations than terms.)

- _____ investors
- _____ audit
- _____ balance sheet
- _____ operating activity
- _____ unit of measure concept
- _____ retained earnings
- _____ investing activity
- _____ income statement

- A. An example of an internal user of financial statements.
- B. A financial statement showing a company's assets, liabilities and stockholders' equity.
- C. When a company acquires money from investors.
- D. A financial statement that summarizes a company's past and current cash situation.
- E. An example of external users of financial statements.
- F. The idea that the financial statements of a company include the results of only that company's business activities.
- G. Day to day events involved in the production and sales of a company's goods or services.
- H. A financial statement that shows a company's revenues and expenses.
- I. Borrowing money from lenders.
- J. The total amount of profits that are kept by the company.
- K. The idea that a company should report its financial data in the relevant currency.
- L. A procedure by which independent evaluators assess the accounting procedures and financial reports of a company.
- M. Events involving the purchase or sale of long-term assets, like property and equipment.

Chapter 01 Business Decisions and Financial Accounting **Answer Key**

True / False Questions

1. Building a new warehouse is an operating activity.

FALSE

Building a new warehouse is an investing activity.

AACSB: Analytic

Multiple Choice Questions

ANONYMOUS, INC.
BALANCE SHEET
SEPTEMBER 30, 2013

Assets	
Cash	\$1,568,000
Accounts Receivable	310,500
Inventories	208,200
Property, Plant & Equipment	391,600
Other Assets	<u>869,400</u>
Total Assets	<u>\$3,347,700</u>
Liabilities	
Accounts Payable	\$1,439,200
Notes Payable	<u> ?</u>
Total Liabilities	<u> ?</u>
Stockholders' Equity	
Contributed Capital	1,263,600
Retained Earnings	<u>207,100</u>
Total Stockholders' Equity	<u>1,470,700</u>
Total Liabilities & Stockholders' Equity	<u>\$3,347,700</u>

21. What is the missing amount for Total Liabilities?

- A. \$3,347,700
- B. \$1,439,200
- C. \$1,470,700
- D. \$1,877,000**

Solution: Total Assets = Total Liabilities + Total Stockholders' Equity

$$\$3,347,700 = \text{Total Liabilities} + \$1,470,700$$

$$\$1,877,000 = \text{Total Liabilities}$$

AACSB: Analytic

AICPA BB: Resource Management

AICPA FN: Measurement

22. What is the missing amount for Notes Payable?

- A. \$207,100
- B. \$437,800**
- C. \$1,439,200
- D. \$3,347,700

There is only one other liability, accounts payable, so Notes Payable is equal to Total Liabilities - Accounts Payable.

Solution: Total Liabilities = Accounts Payable + Notes Payable

$\$1,877,000 = \$1,439,200 + \text{Notes Payable}$

$\$437,800 = \text{Notes Payable}$

Topic: Balance Sheet

23. Which one of the following statements regarding the balance sheet for Anonymous Inc. is true?

- A. The \$207,100 shown on the balance sheet has been distributed to stockholders as dividends.
- B. Retained Earnings is misclassified. It should be reported as an Asset.
- C.** Anonymous, Inc., is owed \$310,500 from customers who have purchased goods or services from the company, but have not yet paid for them.
- D. The retained earnings reported represents the retained earnings at the beginning of the year.

\$310,500 is the amount of Accounts Receivable which is the amount that customers owe to Anonymous, that is, what is receivable to them. The retained earnings, an equity account, is the ending balance of retained earnings and represents cumulative earnings of the business that have not been paid out in dividends.

Learning Objective: 01-04 Describe factors that contribute to useful financial information.

Topic: Accounting Careers

47. At the end of last year, the company's assets totaled \$860,000 and its liabilities totaled \$740,000. During the current year, the company's total assets increased by \$58,000 and its total liabilities increased by \$24,000. At the end of the current year, stockholders' equity was

- A. \$154,000.
- B. \$120,000.
- C. \$34,000.
- D. \$178,000.

\$120,000 is the amount of stockholders' equity at the end of last year. \$34,000 is the amount of the change in stockholders' equity for the current year.

Solution: End of last year: $\$860,000 = \$740,000 + \text{SE}$

$\$120,000 = \text{SE}$

This year: Change in SE = $\$58,000 - \$24,000 = \$34,000$ increase

$\text{SE} = \$120,000 + \$34,000 = \$154,000$

AACSB: Analytic

AICPA FN: Reporting

Blooms: Apply

Difficulty: 3 Hard

Learning Objective: 01-02 Describe the purpose; structure; and content of the four basic financial statements.

Topic: Accounting Equation

48. A company's balance sheet contained the following information:

Contributed Capital	\$12,000	Total Assets	\$176,000
Accounts Payable	\$64,000	Retained Earnings	\$28,000

Assume Notes Payable is the only other item on the balance sheet. Notes Payable must equal

- A. \$200,000.
- B. \$8,000.
- C. \$72,000.**
- D. \$344,000.

The accounting equation is: Total Assets (\$176,000) = Total Liabilities (\$64,000 + Notes Payable) + Total Stockholders' Equity (\$12,000 + \$28,000).

Solution: $A = L + SE$

$$\$176,000 = L + (\$12,000 + \$28,000)$$

$$\$136,000 = L$$

$$L = A/P + N/P$$

$$\$136,000 = \$64,000 + N/P$$

$$\$72,000 = N/P$$

55. Find the missing data.

CINNAMON AND SPICE, INC.

Income Statement

For the Year Ended December 31, 2013

Revenues

Sales Revenue	\$3,810,200
Total Revenues	?

Expenses

Wages Expense	1,314,900
Advertising and Promotion Expenses	482,200
Other Selling and Administrative Expenses	?
Interest Expense	225,600
Income Tax Expense	117,700
Other Expenses	253,700
Total Expenses	3,445,600

Net Income

\$?

- A. Total revenues are \$3,810,200, other selling and administrative expenses are \$1,051,500, and net income is \$364,600.
- B. Total revenues are \$2,495,300, other selling and administrative expenses are \$1,051,500, and net income is (\$950,300).
- C. Total revenues are \$364,600, other selling and administrative expenses are \$3,081,000, and net income is \$7,255,800.
- D. Total revenues are \$3,810,200, other selling and administrative expenses are \$364,600, and net income is \$7,255,800.

Net Income = Revenues - Expenses

Total Revenues are \$3,810,200.

Other selling and administrative expenses are \$1,051,500 (3,445,600 - 1,314,900 - 482,200 - 225,600 - 117,700 - 253,700). Net income = 3,810,200 - 3,445,600 = 364,600.

56. Which of the following is a true statement?
- A. The SEC approves the rules used by the auditors in determining whether a public company's financial statements are in conformity with GAAP.
 - B. The PCAOB and the SEC were both created by the FASB.
 - C. The SEC was created by the PCAOB.
 - D.** The PCAOB approves the rules used by auditors in determining whether a public company's financial statements are in conformity with GAAP.

The SEC oversees public trading of stock of US companies. The FASB is a private sector body which formulates generally accepted accounting principles. The SEC was created by congressional legislation. The PCAOB is one of the bodies who approve the rules used by auditors to determine if a public company's financial statements conform to GAAP.

57. Which inference may be considered incorrect concerning the Statement of Retained Earnings?

HOOPER'S HOPS	
Statement of Retained Earnings	
For the Year Ended December 31, 2013	
Retained Earnings, January 1, 2013	\$167,800
Net Income for 2013	219,100
Dividends for 2013	<u>(36,400)</u>
Retained Earnings, December 31, 2013	<u><u>\$350,500</u></u>

- A. Retained earnings of \$350,500 will appear on the balance sheet as of December 31, 2013.
- B. The net income in the above statement came from the income statement for the year ending December 31, 2013.
- C. Dividends are shown in parentheses because they are distributions made by a company to its stockholders as a return on their investment.
- D. Retained earnings represents the amount of cash at the end of 2013.

Retained earnings is a component of stockholders' equity and does not represent the amount of cash that a company has at a point in time.

58. Which of the following statements is true?

- A. The "net change in cash" reported on the statement of cash flows is also reported on the statement of retained earnings.
- B.** Both the income statement and the statement of cash flows show the result of a company's operating activities.
- C. The statement of cash flows is for a period of time while the income statement is at a point in time.
- D. The statement of cash flows is at a point of time while the income statement is for a period of time.

The change in cash is not reported on the statement of retained earnings, it is reported on the cash flow statement. Both the statement of cash flows and the income statement are reported for a period of time. The income statement reports the results of operations and the statement of cash flows reports the cash flows from operating activities.

Learning Objective: 01-02 Describe the purpose; structure; and content of the four basic financial statements.

Topic: Financial Reporting

GIL'S FISHING EQUIPMENT, INC.
Statement of Cash Flows
For the Year Ended December 31, 2013

Cash flows from operating activities		
Cash collected from customers		A \$12,000
Cash paid to suppliers and employees		B (7,000)
Cash paid for other operating activities		<u>C</u>
Net cash flow from operating activities		D \$5,000
Cash flows from investing activities		
Cash paid to purchase equipment and other assets		E (45,000)
Cash received from selling equipment and other assets		<u>F</u>
Net cash flow from investing activities		G
Cash flows from financing activities		
Cash paid on notes payable		H (32,000)
Cash paid for dividends		<u>I (10,000)</u>
Net cash flow from financing activities		J
Net change in cash during the year	K 37,000	
Cash at beginning of year	L	
Cash at end of year	M 122,000	

59. In the above statement of cash flows, what amount is represented by letter C?

- A. \$14,000
- B. \$10,000
- C. (14,000)
- D. 0

Cash collected from customers less cash paid to suppliers and employees less cash paid for other operating activities is equal to the net cash flow. $(12,000 - 7,000 - X = 5,000)$. $X = 0$.

AACSB: Analytic

AICPA BB: Critical Thinking

Learning Objective: 01-03 Explain how financial statements are used by decision makers.

Topic: Dividends

80. A company's quarterly income statements show that in the last three quarters both sales revenue and net income have been falling. Which of the following conclusions drawn by users are valid, given this information?
- A. Creditors are likely to conclude that the risk of lending to the company is falling and might be willing to accept a lower interest rate on loans.
 - B. Investors are likely to conclude that the stock price is likely to rise, making the company more attractive as a potential investment.
 - C. Customers are likely to conclude that the company is struggling, therefore it is permissible to take longer to pay amounts they owe to the company.
 - D. Owners may conclude that the company will be less likely to distribute dividends.

Creditors are not likely to conclude that the risk of lending to the company is falling when the company's sales revenue and net income have been falling. Investors are not likely to conclude that the stock price will rise when the company is reporting falling sales revenue and falling net income and are not likely to conclude that the company will be more attractive as an investment. Customers are not likely to change the timing of their payment based on the trend in a company's sales revenue. Since net income is falling there are lower profits and owners may conclude that the company will be less likely to distribute dividends.

AACSB: Analytic

Difficulty: 1 Easy

Learning Objective: 01-02 Describe the purpose; structure; and content of the four basic financial statements.

Topic: Retained Earnings

87. The amount of liabilities at the end of the year is

A. \$30,000.

B. \$33,000.

C. \$28,000.

D. \$32,000.

Liabilities at the end of the year are equal to liabilities at the beginning of the year plus (minus) changes to liabilities during the year. Liabilities at the beginning of the year were \$30,000 and the change in liabilities during the year was an increase of \$3,000 because the expenses incurred were unpaid as of the end of the year.

Difficulty: 2 Medium

Learning Objective: 01-02 Describe the purpose; structure; and content of the four basic financial statements.

Topic: Retained Earnings

The following accounts are taken from the December 31, 2014 financial statements of a company.

Accounts payable	\$ 2,075
Accounts receivable	800
Selling & Administrative expenses	2,500
Cash	2,200
Contributed capital	2,000
Dividends	1,900
Income tax expense	400
Interest expense	75
Other expenses	500
Notes payable	5,000
Other assets	2,500
Other liabilities	3,000
Other operating expenses	2,000
Other revenue	300
Property and equipment	11,000
Retained earnings as of December 31, 2013	4,800
Salaries expense	3,000
Supplies	300
Service revenue	10,000

122. What is the amount of net income for the year 2014?

- A. \$3,825.
- B. \$1,825.**
- C. \$10,300.
- D. \$5,625.

Net income = revenue - expenses

Total revenues are \$10,300 (service revenue of \$10,000 and other revenue of \$300). Total expenses are \$8,475 (salaries expense of 3,000, interest expense of \$75, income tax expense of \$400, selling and administrative expense of \$2,500, other expense of \$500, and other operating expense of \$2,000). Net income = Revenues \$10,300 - Expenses \$8,475 = \$1,825.

Difficulty: 3 Hard

Learning Objective: 01-04 Describe factors that contribute to useful financial information.

Topic: Financial Reporting

A company started the current year with assets of \$700,000, liabilities of \$350,000 and contributed capital of \$200,000. During the current year, assets increased by \$400,000, liabilities decreased by \$50,000 and contributed capital increased by \$275,000. There was no payment of dividends to owners during the year.

132. Based on this information, what was the amount of retained earnings at the beginning of the year?

- A. \$150,000
- B. \$850,000
- C. \$550,000
- D. \$350,000

Assets \$700,000 = Liabilities \$350,000 + Stockholders' Equity

Stockholders' equity = \$350,000

Stockholders' equity \$350,000 = Contributed capital \$200,000 + Retained earnings.

Retained earnings = \$150,000

AACSB: Analytic

AICPA BB: Resource Management

AICPA FN: Measurement

Blooms: Apply

Difficulty: 2 Medium

Learning Objective: 01-02 Describe the purpose; structure; and content of the four basic financial statements.

Topic: Accounting Equation

133. What was the amount of the change in total stockholders' equity during the year?

- A. \$350,000 increase
- B. \$450,000 increase**
- C. \$250,000 increase
- D. \$200,000 increase

Assets = Liabilities + Stockholders' Equity.

Assets increased by \$400,000 and liabilities decreased by \$50,000; therefore, stockholders' equity must have increased by \$450,000

AACSB: Analytic

AICPA BB: Resource Management

AICPA FN: Measurement

Blooms: Apply

Difficulty: 2 Medium

Learning Objective: 01-02 Describe the purpose; structure; and content of the four basic financial statements.

134. What was the amount of net income for the year?

- A. \$225,000
- B. \$275,000
- C. \$175,000**
- D. \$450,000

The amount of the change in total stockholders' equity was an increase of \$450,000 (\$400,000 + \$50,000) and \$275,000 of this increase was to contributed capital. The remainder of the increase, \$175,000, was to retained earnings and since there were no dividends distributed this year, the entire increase must have been the net income for the year.

AACSB: Analytic

AICPA BB: Resource Management

AICPA FN: Measurement

Difficulty: 2 Medium

Learning Objective: 01-02 Describe the purpose; structure; and content of the four basic financial statements.

Topic: Accounting Equation

The Statement of Cash Flows for the current year contained the following:

Cash Inflow from customers	\$10,000
Cash Outflow from purchase of equipment	\$40,000
Cash Inflow from capital contributed by stockholders	\$30,000
Cash Outflow from payments to suppliers & employees	\$ 5,000
Cash Outflow from payment of dividends to stockholders	\$ 1,000
Cash Inflow from borrowing from the bank	\$20,000

The change in cash for the current year was an increase of \$14,000.

135. What was the amount of Cash Flows from Operating Activities?

- A. Cash inflow of \$5,000
- B. Cash inflow of \$35,000
- C. Cash inflow of \$25,000
- D. Cash inflow of \$4,000

Cash flows from operating activities is equal to cash from customers minus cash paid to suppliers and employees
