

Horngrén's Financial and Managerial Accounting, 6e (Miller-Nobles)
Chapter 1 Accounting and the Business Environment

1.1 Learning Objective 1-1

1) Accounting is the information system that measures business activities, processes the information into reports, and communicates the results to decision makers.

Answer: TRUE

Diff: 1

LO: 1-1

AACSB: Application of knowledge

AICPA Functional: Measurement

PE Question Type: Concept

H2: Why is Accounting Important? (H1)

2) Critical thinking and judgment skills are not necessary for accountants because technology has made the activities routine.

Answer: FALSE

Explanation: Technology plays an important supporting role in performing routine accounting functions. This allows accountants to have more time to focus on reviewing and evaluating economic activities using critical thinking and judgment.

H2: The Economic Entity Assumption

43) Briefly discuss each of the following corporate characteristics.

- A. No mutual agency
- B. Separate legal entity
- C. Separation of ownership and management

Answer:

A. No mutual agency - The stockholders of a corporation cannot commit the corporation to a contract unless that stockholder is acting in a different role, such as an officer in the business.

B. Separate legal entity - A corporation is a business entity formed under state law and thus it exists apart from its owners (stockholders).

C. Separation of ownership and management - The board of directors - elected by the stockholders - appoints corporate officers to manage the business. The stockholders are owners of the corporation and do not manage the corporation. The corporate officers manage the business.

H2: The Economic Entity Assumption

46) List and briefly discuss four features that distinguish a corporation from other types of business organizations.

Answer: Students can list any four of the following:

Separate legal entity - A corporation is a business entity formed under state law and thus it exists apart from its owners (stockholders).

Continuous life and transferability of ownership - Stockholders may transfer stock as they wish. This transfer does not affect the continuity of the corporation. A corporation's life is not dependent on a specific individual's ownership.

No mutual agency - The stockholders of a corporation cannot commit the corporation to a contract unless that stockholder is acting in a different role, such as an officer in the business.

Limited liability of stockholders - The most that stockholders can lose is the amount they originally paid for the stock. Stockholders are not personally liable for the corporation's debts.

Separation of ownership and management - The board of directors - elected by the stockholders - appoints corporate officers to manage the business. The owners do not manage the corporation.

Corporate taxation - Corporations are separate taxable entities. Corporations pay more taxes than partnerships or sole proprietorships. Corporate earnings are subject to double taxation. First, corporations pay their own income tax on corporate income. Then, the stockholders pay personal income tax on the dividends that they receive from corporations.

Government regulation - Corporations are subjected to more governmental regulation than other forms of business.

H2: What is the Accounting Equation? (H1)

11) What is the accounting equation? Briefly explain each of the three parts.

Answer: Assets = Liabilities + Equity.

Assets are economic resources that are expected to benefit the business in the future. They are things of value that a business owns or controls. Liabilities are debts that are owed to creditors. They are one source of claims against assets. Equity is the other source of claims against assets. Equity is the stockholders' claims against assets and is the amount of assets that is left over after the company has paid its liabilities. It represents the net worth of the corporation.

33) Dynamic Production Services started the year with total assets of \$120,000 and total liabilities of \$55,000. The revenues and the expenses for the year amounted to \$100,000 and \$80,000, respectively. During the year, the company did not issue any common stock, but it distributed dividends of \$50,000. Calculate Dynamic's net income for the year.

- A) \$20,000
- B) \$100,000
- C) \$80,000
- D) \$120,000

Answer: A

Explanation: A) Net income = Revenues - Expenses

Net income = \$100,000 - \$80,000 = \$20,000

H2: Equity

34) Metropolitan Casting Services started the year with total assets of \$130,000 and total liabilities of \$45,000. The revenues and the expenses for the year amounted to \$130,000 and \$50,000, respectively. During the year, the company did not issue any common stock, but it distributed dividends of \$60,000. Calculate the amount of increase or decrease in stockholders' equity for the year.

- A) a \$20,000 increase
- B) a \$105,000 increase
- C) a \$85,000 decrease
- D) a \$60,000 increase

Answer: A

Explanation: A) Equity (at the beginning of the year) = \$130,000 - \$45,000 = \$85,000

Equity (at the end of the year) = Equity (beginning balance) - Dividends + Revenues - Expenses

Equity (at the end of the year) = \$85,000 - \$60,000 + \$130,000 - \$50,000 = \$105,000

Change in stockholders' equity for the year = \$105,000 - \$85,000 = \$20,000 increase

4) Prepare an income statement and a statement of retained earnings for the month of May. Also, prepare a balance sheet as of May 31, 2019, for McGuire Corporation. The financial transactions of McGuire Corporation for the month of May, their first month of operations, are as follows:

- On May 1, 2019, McGuire Corporation issued common stock in exchange for \$20,000 cash from a stockholder, Deborah Merchant.
- On May 3, the corporation borrowed \$5,000 from a creditor and executed a note payable with the principal and interest to be due in one year.
- On May 7, the corporation purchased \$15,000 of equipment for cash.
- On May 8, McGuire Corporation rendered service to a client and received \$3,000 in cash.
- On May 12, the corporation incurred a repair expense of \$1,800 and promised to pay the repair contractor the following month.
- On May 18, the corporation rendered service to a new client in the amount of \$8,000 on account, as the client promised to pay the following month.
- At the end of May, McGuire Corporation distributed cash dividends of \$1,500.

Answer:

McGuire Corporation
Income Statement
Month Ended May 31, 2019

Revenues:		
Service Revenue		\$11,000
Expenses:		
Repair Expense	\$1,800	
Total Expenses		<u>1,800</u>
Net Income		<u>\$9,200</u>

McGuire Corporation
Statement of Retained Earnings
Month Ended May 31, 2019

Retained Earnings, May 1, 2019	\$0
Net Income for the month	<u>9,200</u>
	9,200
Dividends	<u>(1,500)</u>
Retained Earnings, May 31, 2019	<u>\$7,700</u>

McGuire Corporation
Balance Sheet
May 31, 2019

Assets		Liabilities	
Cash	\$11,500	Accounts Payable	\$1,800
Accounts Receivable	8,000	Notes Payable	<u>5,000</u>
Equipment	15,000	Total Liabilities	6,800
		Stockholders' Equity	
		Common Stock	20,000
		Retained Earnings	<u>7,700</u>
		Total Stockholders' Equity	<u>27,700</u>
Total Assets	<u>\$34,500</u>	Total Liabilities and Stockholders' Equity	<u>\$34,500</u>

Note:

Calculation of cash balance, May 31, 2019:

Common stock issued	\$20,000
Borrowing from creditor	5,000
Service fees received	<u>3,000</u>
Receipts	28,000
Less payments:	
Purchase of equipment	(15,000)

5) Prepare an income statement and a statement of retained earnings for the month of June. Also, prepare a balance sheet at June 30. The transactions of Modern Designer Corporation for the first month of their operations are as follows:

- On June 1, 2019, Modern Designer Corporation received \$25,000 cash from its stockholders and gave common stock to the stockholders.
- The company rendered services to three clients on account with total revenues earned of \$9,000.
- It then incurred an advertising expense on four different web sites and promised to pay a total of \$1,200 at a later date.
- On June 13, Modern Designer purchased \$1,000 worth of office supplies for cash. (The supplies are not used by June 30.)
- On June 22, it received \$2,000 on account from a client and deposited it into the business account.
- On June 23, it incurred \$1,300 for a legal expense and paid cash.
- On June 30, Modern Designer made a payment of \$500 to one of the web sites that it owed for advertising provided earlier in the month.
- No dividends were paid during the month.

Answer: Modern Designer Corporation
 Income Statement
 Month Ended June 30, 2019

Revenues:		
Service Revenue		\$9,000
Expenses:		
Advertising Expense	\$1,200	
Legal Expense	<u>1,300</u>	
Total Expenses		<u>2,500</u>
Net Income		<u>\$6,500</u>

Modern Designer Corporation
 Statement of Retained Earnings
 Month Ended June 30, 2019

Retained Earnings, June 1, 2019	\$0
Net income for the month	<u>6,500</u>

12) Regent Plumbing Corporation provides plumbing services. Selected transactions of Regent Plumbing Corporation are described as follows:

- a) Received \$8,000 cash and issued common stock to Sharon Regent.
- b) Paid \$5,000 cash for equipment to be used for plumbing repairs.
- c) Borrowed \$11,000 from a local bank and deposited the money in the checking account.
- d) Paid \$900 rent for the year.
- e) Paid \$200 cash for plumbing supplies to be used next year.
- f) Completed a plumbing repair project for a local lawyer and received \$3,000 cash.

Calculate the net income. Assume plumbing supplies of \$200 are left at the end of the accounting period.

- A) \$700
- B) \$2,800
- C) \$3,000
- D) \$2,100

Answer: D

Explanation: D) Net income = Revenues - Expenses

Net income = \$3,000 - \$900 = \$2,100

H2: Return on Assets (ROA)

16) Assume Metro Corporation had a net income of \$2,500 for the year ending December 2018. Its beginning and ending total assets were \$32,500 and \$19,500, respectively. Calculate Metro's return on assets (ROA). (Round your percentage answer to two decimal places.)

A) 7.69%

B) 12.82%

C) 9.62%

D) 4.81%

Answer: C

Explanation: C) $\text{Return on assets (ROA)} = \$2,500 / [(\$32,500 + \$19,500) / 2] = 9.62\%$

Diff: 2

PE Question Type: Application

H2: Return on Assets (ROA)

17) McAlister Repair Service had net income for the year of \$125,000. In addition, the balance sheet reports the following balances:

	Jan. 1, 2018	Dec. 31, 2018
Accounts Receivable	\$ 5,600	\$ 14,200
Accounts Payable	12,000	9,500
Building	125,000	125,000
Cash	37,500	35,000
Office Furniture	25,000	50,000
Office Supplies	3,200	1,500
Notes Payable	60,000	75,000
Total Stockholders' Equity	124,300	141,200

Calculate the return on assets (ROA) for McAlister Repair Service for the year ending December 31, 2018.

Answer:

Total Assets	1/1/2018	12/31/2018
Accounts Receivable	\$ 5,600	\$ 14,200
Building	125,000	125,000
Cash	37,500	35,000
Office Furniture	25,000	50,000
Office Supplies	3,200	1,500
Total Assets	<u>\$196,300</u>	<u>\$225,700</u>

Return on Assets = Net Income / Average total assets

Average total assets = (Beginning total assets + Ending total assets) / 2

$$\begin{aligned}
 \text{Return on Assets} &= \$125,000 / [(\$196,300 + \$225,700) / 2] \\
 &= \$125,000 / \$211,000 \\
 &= 59.24\%
 \end{aligned}$$

H2: Return on Assets (ROA)

18) Adams Service Company had a net income of \$14,500 for the year ending December 31, 2018. The total assets on January 1, 2018 were \$28,000. The total assets on December 31, 2018 were \$16,000. Calculate Adam's return on assets (ROA). Show your computations and label your work. Round your answer to two decimal places.

Answer: Return on Assets = Net Income / Average total assets

Average total assets = (Beginning total assets + Ending total assets) / 2

$$\begin{aligned}\text{Return on Assets} &= \$14,500 / [(\$28,000 + \$16,000) / 2] \\ &= \$14,500 / \$22,000 \\ &= 65.91\%\end{aligned}$$

PE Question Type: Application

H2: Return on Assets (ROA)

19) What is the calculation for return on assets (ROA)? What does ROA measure?

Answer: Return on Assets = Net income / Average total assets. Average total assets equal beginning total assets plus ending total assets divided by two.

ROA measures how profitably a company uses its assets.

Diff: 1

LO: 1-6

AACSB: Application of knowledge

AICPA Functional: Measurement

PE Question Type: Concept

H2: Return on Assets (ROA)

20) Selected information for Uptown Spa Services and Downtown Spa Services follows:

Uptown Spa Services		Downtown Spa Services	
Total Assets	\$125,000	Total Assets	\$162,000
Total Stockholders' Equity	\$90,000	Total Stockholders' Equity	\$137,000
Total Revenues	\$82,000	Total Revenues	\$70,000
Net Income	\$12,000	Net Income	\$18,000

The total assets and total stockholders' equity balances are at December 31, 2018. Total revenues and net income are for the year ended December 31, 2018. No dividends were paid. Average net assets are \$128,000 for Uptown and \$178,000 for Downtown.

Provide answers for the following questions. Show your work and explain your answer.

- Which business owes more to creditors?
- Which business has more stockholders' equity at the end of the year?
- Which business had more expenses?
- What is the ROA for each business? (Show this as a percentage and round to one decimal place)

Based on ROA, which company is more profitable?

Answer:

1. Uptown has liabilities of \$35,000 (Assets \$125,000 - Total Stockholders' Equity \$90,000 = Liabilities \$35,000)

Downtown has liabilities of \$25,000 (Assets \$162,000 - Total Stockholders' Equity \$137,000 = Liabilities \$25,000)

Uptown owes more to creditors.

2. The end of year stockholders' equity for Uptown is \$90,000 and for Downtown is \$137,000, thus Downtown has more stockholders' equity at the end of the year.

3. The expenses for Uptown are \$70,000 (Total Revenues \$82,000 - Net Income \$12,000 = Total Expenses \$70,000).

The expenses for Downtown are \$52,000 (Total Revenues \$70,000 - Net Income \$18,000 = Total Expenses \$52,000).

Uptown has more expenses.

4. ROA: Uptown (Net Income \$12,000/Average Total Assets \$128,000 = ROA 9.4%)

Downtown (Net Income \$18,000/Average Total Assets \$178,000 = ROA 10.1%)

Based on ROA, Downtown is more profitable because its ROA is higher.
