Chapter 2 Organizational Culture and the Organizational Environment

2.1 Compare and contrast the actions of managers according to the omnipotent and symbolic views

1) The omnipotent view of management means _____.

- A) the top manager is the only person in charge
- B) managers are directly responsible for an organization's success or failure
- C) managers have little or no responsibility for an organization's success or failure
- D) outside forces have the most influence on organizational outcomes

Answer: B

Diff: 1 Type: MC Page Ref: 36

Skill: Recall

Learning Outcome: 2-1 Compare and contrast the actions of managers according to the omnipotent and symbolic views.

2) The _____ view of management is consistent with the stereotypical picture of the take-charge business executive who can overcome any obstacle in carrying out the organization's objectives.

- A) dynamic
- B) symbolic
- C) omnipotent
- D) sovereign

Answer: C

Diff: 2 Type: MC Page Ref: 36

Skill: Applied

Learning Outcome: 2-1 Compare and contrast the actions of managers according to the omnipotent and symbolic views.

3) The symbolic view of management means that _____.

- A) managers are directly responsible for an organization's success or failure
- B) managers have only a limited effect on organizational outcomes
- C) successful managers become role models for employees
- D) employees are directly responsible for an organization's success or failure

Answer: B

Diff: 3 Type: MC Page Ref: 37

Skill: Recall

Learning Outcome: 2-1 Compare and contrast the actions of managers according to the omnipotent and symbolic views.

- 4) The reality in management theory suggests that _____.
- A) an organization's success or failure is due to external forces outside managers' control
 - B) managers are directly responsible for an organization's success or failure
 - C) managers operate with internal and external constraints that influence an organization's performance
 - D) employees have more influence on success than managers

Answer: C

Diff: 2 Type: MC Page Ref: 37

Skill: Recall

Learning Outcome: 2-1 Compare and contrast the actions of managers according to the omnipotent and symbolic views.

- 5) Internal constraints that restrict a manager's decision options arise from _____.
- A) the organization's environment
 - B) the activities of industry competitors
 - C) the laws and regulations governing workplace practices
 - D) the organization's culture

Answer: D

Diff: 3 Type: MC Page Ref: 37

Skill: Recall

Learning Outcome: 2-1 Compare and contrast the actions of managers according to the omnipotent and symbolic views.

- 6) Which of the following views of managerial impact is useful in explaining the high turnover among college/university and professional sports coaches who are often fired or replaced when their teams perform poorly?

- A) symbolic
- B) omnipotent
- C) reflective
- D) dynamic

Answer: B

Diff: 2 Type: MC Page Ref: 36

Skill: Applied

Learning Outcome: 2-1 Compare and contrast the actions of managers according to the omnipotent and symbolic views.

- 7) Managers operate within the internal and external constraints imposed by _____.
- A) federal and provincial governments
 - B) the employees of the organization
 - C) the organization's culture and environment
 - D) the organization's board of directors

Answer: C

Diff: 2 Type: MC Page Ref: 37

Skill: Recall

Learning Outcome: 2-1 Compare and contrast the actions of managers according to the omnipotent and symbolic views.

8) Despite the existence of both internal and external constraints, managers can still improve organizational performance by _____.

- A) delegating more responsibility to employees
- B) influencing the organization's culture and environment
- C) redesigning the organization's structure
- D) introducing new rules and procedures

Answer: B

Diff: 3 Type: MC Page Ref: 37

Skill: Recall

Learning Outcome: 2-1 Compare and contrast the actions of managers according to the omnipotent and symbolic views.

9) Which of the following most accurately reflects the symbolic view of management?

- A) Managers are directly responsible for an organization's success or failure.
- B) Managers have to ensure that every obstacle is overcome on the way to achieving the organization's goals.
- C) External forces are responsible for an organization's success or failure.
- D) Employees are directly responsible for an organization's success or failure.

Answer: C

Diff: 1 Type: MC Page Ref: 37

Skill: Recall

Learning Outcome: 2-1 Compare and contrast the actions of managers according to the omnipotent and symbolic views.

10) Elmo Research & Development has been going through a rough patch lately. Turnover has been high and employee morale is at an all-time low. Though employees and competitors hold management responsible for the decline, the CEO does not let the managers go or change the management style. Which of the following could explain this attitude?

- A) As the organization has an autocratic management style, the employees are responsible for organizational policies.
- B) The organization has a participative management style and decisions are guided by consensus.
- C) The CEO holds the view that managers have only a limited role in organization success or failure.
- D) The CEO does not have the authority to let the managers go or change the management style.

Answer: C

Skill: Recall

Learning Outcome: 2-1 Compare and contrast the actions of managers according to the omnipotent and symbolic views.

13) The view of managers as omnipotent is consistent with the stereotypical picture of the take-charge business executive who can overcome any obstacle in carrying out the organization's objectives.

Answer: TRUE

Diff: 2 Type: TF Page Ref: 36

Skill: Applied

Learning Outcome: 2-1 Compare and contrast the actions of managers according to the omnipotent and symbolic views.

14) The symbolic view of management helps to explain the high turnover among college/university and professional sports coaches, who are often fired and replaced when their teams perform poorly.

Answer: FALSE

Diff: 3 Type: TF Page Ref: 37

Skill: Applied

Learning Outcome: 2-1 Compare and contrast the actions of managers according to the omnipotent and symbolic views.

15) In the omnipotent view of management, much of an organization's success or failure is due to forces outside management's control.

Answer: FALSE

Diff: 1 Type: TF Page Ref: 36

Skill: Recall

Learning Outcome: 2-1 Compare and contrast the actions of managers according to the omnipotent and symbolic views.

16) If an organization subscribes to the symbolic view of managers, it is unreasonable to expect managers to have a significant effect on the organization's performance.

Answer: TRUE

Diff: 1 Type: TF Page Ref: 37

Skill: Applied

Learning Outcome: 2-1 Compare and contrast the actions of managers according to the omnipotent and symbolic views.

17) The symbolic view of management impact is useful in explaining the high turnover among sports coaches, who can be considered the "managers" of their teams.

Answer: FALSE

Diff: 1 Type: TF Page Ref: 37

Skill: Applied

Learning Outcome: 2-1 Compare and contrast the actions of managers according to the omnipotent and symbolic views.

18) A manager's role in the omnipotent view of management is to create meaning out of randomness, confusion, and ambiguity.

Answer: FALSE

Diff: 2 Type: TF Page Ref: 36

Skill: Applied

Learning Outcome: 2-1 Compare and contrast the actions of managers according to the omnipotent and symbolic views.

19) In a short essay, differentiate between the symbolic view and the omnipotent view of management. Include specific examples of each view to support your answer.

Answer: a. The view of managers as omnipotent is consistent with the stereotypical picture of the take-charge business executive who can overcome any obstacle in carrying out the organization's objectives. This omnipotent view isn't limited to business organizations. It can also be used to help explain the high turnover among college/university and professional sports coaches, who can be considered the "managers" of their teams. Coaches who lose more games than they win are seen as ineffective. They are fired and replaced by new coaches who, it is hoped, will correct the inadequate performance. In the omnipotent view, when organizations perform poorly, someone has to be held accountable regardless of the reasons why, and in our society, that "someone" is managers. Of course, when things go well, someone needs to be praised. So managers also get the credit—even if they had little to do with achieving positive outcomes. b. The symbolic view says that a manager's ability to affect outcomes is influenced and constrained by external factors. In this view, it is unreasonable to expect managers to significantly affect an organization's performance. Instead, an organization's results are influenced by factors outside the control of management. These factors include the economy, market changes, governmental policies, competitors' actions, conditions in the particular industry, control over proprietary technology, and decisions made by the previous manager. For example, when Blue Mantle, Home Hardware, and Army and Navy all decided to close in downtown Regina, it was not due to anything that their managers did but instead was due to forces beyond their control.

Skill: Applied

Learning Outcome: 2-2 Discuss the characteristics and importance of organizational culture.

4) Strong cultures _____.

- A) are found in organizations with strong leaders
- B) have a minimal influence on employee decision making
- C) have a greater influence on employees than do weak cultures
- D) always yield positive business results

Answer: C

Diff: 2 Type: MC Page Ref: 39

Skill: Applied

Learning Outcome: 2-2 Discuss the characteristics and importance of organizational culture.

5) The degree to which employees are expected to exhibit precision in their work relates to which dimension of organizational culture?

- A) outcome orientation
- B) stability
- C) innovation and risk-taking
- D) attention to detail

Answer: D

Diff: 2 Type: MC Page Ref: 39

Skill: Applied

Learning Outcome: 2-2 Discuss the characteristics and importance of organizational culture.

6) Which of the following phrases is associated with the definition of organizational culture?

- A) individual response
- B) unique vision
- C) diversity of thought
- D) shared meaning

Answer: D

Diff: 1 Type: MC Page Ref: 38

Skill: Recall

Learning Outcome: 2-2 Discuss the characteristics and importance of organizational culture.

7) The degree to which managers focus on results rather than how the results are achieved relates to which dimension of organizational culture?

- A) attention to detail
- B) innovation and risk-taking
- C) outcome orientation
- D) aggressiveness

Answer: C

Diff: 2 Type: MC Page Ref: 39

Skill: Applied

Learning Outcome: 2-2 Discuss the characteristics and importance of organizational culture.

8) Sony Corporation focuses on which of the following dimensions of organizational culture?

- A) attention to detail
- B) people orientation
- C) outcome orientation
- D) innovation and risk-taking

Answer: D

Diff: 2 Type: MC Page Ref: 39

Skill: Applied

Learning Outcome: 2-2 Discuss the characteristics and importance of organizational culture.

9) Google has often been cited as a model for employee satisfaction. Google takes extensive care to ensure employees have the best available conditions to perform, ranging from free snack bars, free massages, innovation rooms, spas-on-site, and many more such measures. Which dimension of organizational culture is Google said to emphasize through such measures?

- A) attention to detail
- B) aggressiveness
- C) people orientation
- D) innovation and risk-taking

Answer: C

Diff: 2 Type: MC Page Ref: 39

Skill: Applied

Learning Outcome: 2-2 Discuss the characteristics and importance of organizational culture.

10) Most organizations have _____ cultures.

- A) strong
- B) weak to moderate
- C) moderate to strong
- D) very strong

Answer: D

Skill: Applied

Learning Outcome: 2-2 Discuss the characteristics and importance of organizational culture.

Refer to the scenario below to answer the following questions.

Dimensions of Culture (Scenario)

Todd works for SeaLan Tech, a small environmental consulting firm that has just been purchased by Zerex, Inc., a large biomedical research organization. The work environment at SeaLan had always been friendly and cooperative; people worked in teams and were encouraged to take risks. However, after meeting with the management of the new parent company, Todd believes there are considerable differences between the organizational cultures of Zerex and SeaLan. He is concerned that the new company will eliminate SeaLan's old culture, and he does not like the prospects.

24) If you asked Todd to define the term *organizational culture*, he would probably say it is _____.

- A) the formal rules of an organization
- B) a system of shared meaning
- C) a system that reflects diversity and respect for differences
- D) the strategic focus of an organization

Answer: B

Diff: 1 Type: MC Page Ref: 38

Skill: Recall

Learning Outcome: 2-2 Discuss the characteristics and importance of organizational culture.

25) Todd is concerned that the managers at Zerex focus more on results than the methods used to achieve those results. This relates to which dimension of organizational culture?

- A) aggressiveness
- B) team orientation
- C) attention to detail
- D) outcome orientation

Answer: D

Diff: 2 Type: MC Page Ref: 39

Skill: Applied

Learning Outcome: 2-2 Discuss the characteristics and importance of organizational culture.

26) Todd believes that the managers at Zerex are not very concerned about how their decisions affect other people in the organization. This relates to which dimension of organizational culture?

- A) aggressiveness
- B) team orientation
- C) people orientation
- D) outcome orientation

Answer: C

Diff: 3 Type: MC Page Ref: 39

Skill: Applied

Learning Outcome: 2-2 Discuss the characteristics and importance of organizational culture.

27) Managers at Zerex have informed Todd that they will require a higher standard of precision and accuracy in his monthly reports. This relates to which dimension of organizational culture?

- A) aggressiveness
- B) team orientation
- C) outcome orientation
- D) attention to detail

Answer: D

Diff: 2 Type: MC Page Ref: 39

Skill: Applied

Learning Outcome: 2-2 Discuss the characteristics and importance of organizational culture.

28) The organizational culture at SeaLan is best described as _____.

- A) low on team orientation, low on risk-taking, and low on aggressiveness
- B) high on team orientation, low on risk-taking, and low on aggressiveness
- C) high on team orientation, high on risk-taking, and low on aggressiveness
- D) high on team orientation, high on risk-taking, and high on aggressiveness

Answer: C

Diff: 3 Type: MC Page Ref: 39

Learning Outcome: 2-2 Discuss the characteristics and importance of organizational culture.

Refer to the scenario below to answer the following questions.

Changing Organizational Culture (Scenario)

Jenna has been asked by the company president to change the organizational culture to reflect the company's new organizational goals. As executive vice-president, she certainly understands the goals but is really not sure that she understands what to do about the culture.

29) Jenna asked employees if they knew what constituted "good employee behaviour." She found that very few understood, and most had a variety of ideas. This is one indication that her company has _____.

- A) a strong culture
- B) a weak culture
- C) high employee turnover
- D) unproductive employees

Answer: B

Diff: 2 Type: MC Page Ref: 41

Skill: Applied

Learning Outcome: 2-2 Discuss the characteristics and importance of organizational culture.

30) Jenna was surprised to discover that most organizations have _____ cultures.

- A) weak to moderate
- B) moderate to strong
- C) strong
- D) very strong

Answer: B

Diff: 1 Type: MC Page Ref: 39

Skill: Recall

Learning Outcome: 2-2 Discuss the characteristics and importance of organizational culture.

31) Jenna observed that some departments have developed their own way of doing things based on the shared values and common situations experienced by their members. She has found evidence of _____ in the organization.

- A) dominant cultures
- B) subcultures
- C) innovative cultures
- D) competing cultures

Answer: B

Diff: 2 Type: MC Page Ref: 41

Skill: Applied

Learning Outcome: 2-2 Discuss the characteristics and importance of organizational culture.

32) To help establish a dominant culture that is committed to the core values, Jenna suggests they hire individuals who will fit into the culture and strengthen the _____ processes that help new employees learn the organization's way of doing things.

- A) storytelling
- B) ritual
- C) developmental
- D) socialization

Answer: D

Diff: 2 Type: MC Page Ref: 42

Skill: Recall

Learning Outcome: 2-2 Discuss the characteristics and importance of organizational culture.

33) Jenna wants to ensure that her organization's culture will help shape high ethical standards for all employees and managers. She proposes that it be high in risk tolerance, low to moderate in aggressiveness, and focused on _____.

- A) means
- B) outcomes
- C) freedom
- D) both means and outcomes

Answer: D

Diff: 3 Type: MC Page Ref: 46

Skill: Recall

Learning Outcome: 2-2 Discuss the characteristics and importance of organizational culture.

Refer to the scenario below to answer the following questions.

Manifestations of Culture (Scenario)

Jacob is vice-president of human resources at Z-Mart, a large chain of department stores with 120 locations across Canada. He is developing a short orientation video to help new employees learn about the organization's culture. The video will begin with the story of Z-Mart's founder, Ziggy Zigwig, and how he started the company with one small store in Hamilton in 1960 and eventually built it into a national chain based on a simple philosophy: "cheaper is better." Today, Ziggy's founding values continue to guide employees and managers as they continually look for ways to reduce prices and pass the savings along to customers. Next, the video will discuss the daily Z-Mart chant, and how each morning the store managers lead all the employees in a rousing store anthem that ends with everyone shouting, "CHEAPER IS BETTER!" The chant usually takes place in the comfortable employee lounges located at the back of every store. Finally, the video will explain some of the key terminology used at Z-Mart. For example, all sales clerks are called "associates," managers are called "partners," and a price reduction is affectionately called a "ziggy" as a nod to the company's founder!

34) If successful, Jacob's orientation video should help the _____ process that adapts employees to Z-Mart's culture.

- A) culturalization
- B) association
- C) socialization
- D) assimilation

Answer: C

Diff: 2 Type: MC Page Ref: 42

Learning Outcome: 2-2 Discuss the characteristics and importance of organizational culture.

56) In a short essay, define organizational culture and discuss the three implications of culture presented in the textbook. Give examples of companies that you feel have strong cultures.

Answer: Organizational culture is a system of shared meaning and beliefs held by organizational members that determines, in large degree, how they act. It represents a common perception held by the organization's members. In every organization, there are systems or patterns of values, symbols, rituals, myths, and practices that have evolved over time. These shared values determine, to a large degree, what employees see, and how they respond to their world. When confronted with problems or work issues, the organizational culture influences what employees can do and how they conceptualize, define, analyze, and resolve these issues.

This definition of culture implies several things. First, culture is a *perception*. Individuals perceive the organizational culture on the basis of what they see, hear, or experience within the organization. Second, even though individuals may have different backgrounds or work at different organizational levels, they tend to describe the organization's culture in similar terms. That is the *shared* aspect of culture. Finally, organizational culture is a *descriptive* term. It's concerned with how members perceive the organization, not with whether they like it. It describes rather than evaluates.

Learning Outcome: 2-2 Discuss the characteristics and importance of organizational culture.

57) In a short essay, describe the factors that influence the strength of an organization's culture and discuss the impact of a strong organizational culture on employees and the organization.
Answer: Organizational culture has been described as the shared values, principles, traditions, and ways of doing things that influence the way organizational members act. In most organizations, these shared values and practices have evolved over time.

Strong cultures have shared values through consistent messages about what is important. Employees tell stories about the company. They identify with the culture and exhibit strong connections between shared values and behaviours.

The more employees accept the organization's key values and the greater their commitment to those values, the stronger the culture is. Strong cultures have a greater influence on employees than do weak cultures.

One study found that employees in organizations with strong cultures were more committed to their organization than were employees in organizations with weak cultures. The organizations with strong cultures also used their recruitment efforts and socialization practices to build employee commitment. And an increasing body of evidence suggests that strong cultures are associated with high organizational performance. It's easy to understand why a strong culture enhances performance. After all, when values are clear and widely accepted, employees know what they're supposed to do and what's expected of them so they can act quickly to take care of problems, thus preventing any potential performance decline. However, the drawback is that the same strong culture also might prevent employees from trying new approaches especially during periods of rapid change.

Skill: Recall

Learning Outcome: 2-2 Discuss the characteristics and importance of organizational culture.

58) How is culture transmitted to employees of an organization? In a short essay, explain the four primary forms of transmission and provide an example of each.

Answer: Culture is transmitted to employees in a number of ways. The most significant are stories, rituals, material symbols, and language.

a. *Stories*: Organizational "stories" typically contain a narrative of significant events or people including such things as the organization's founders, reactions to past mistakes, and so forth. For instance, managers at Nike feel that stories told about the company's past help shape the future. Whenever possible, corporate "storytellers" (senior executives) explain the company's heritage and tell stories that celebrate people getting things done.

b. *Rituals*: Corporate rituals are repetitive sequences of activities that express and reinforce the values of the organization, what goals are most important, and which people are important. The "Passing of the Pillars" is an important ritual at Boston Scientific's facility near Minneapolis, for example. When someone has a challenging and tough project or assignment, they're "awarded" a small two-foot high plaster-of-Paris pillar to show that they've got support from all their colleagues.

c. *Material Artifacts and Symbols*: Material symbols convey to employees who is important, the degree of equality desired by top management, and the kinds of behavior that are expected and appropriate. Examples of material symbols include the layout of an organization's facilities, how employees dress, the types of automobiles provided to top executives, and the availability of corporate aircraft. At WorldNow, a provider of Internet technology to local media companies, an important material symbol is an old dented drill that the founders purchased for \$2 at a thrift store. The drill symbolizes the company's culture of "drilling down to solve problems."

d. *Language*: Many organizations and units within organizations use language as a way to identify and unite members of a culture. By learning this language, members attest to their acceptance of the culture and their willingness to help preserve it. For instance, Microsoft employees have their own unique vocabulary: the term *work judo* is used to mean "the art of deflecting a work assignment to someone else without making it appear that you're avoiding it."

Refer to the scenario below to answer the following questions.

Focusing on Contemporary Lifestyles at Mario's Morsels (Scenario)

Mario Milano finished closing his busy upscale restaurant after another very late night. He had just sent the last of his exhausted employees home and sank gratefully into the deep easy chair in the small back office. He felt that he had been running on empty for the last four months since the restaurant reviews had come out and rated Morsels as the best new restaurant in town. He could feel his fatigue and noticed that his loyal employees felt the same. In fact he had heard some of them discussing how they had been running ragged with not enough time off or even a chance to enjoy the work. With several of his kitchen staff dealing also with families, the situation was becoming untenable. Mario pulled out a business magazine that had caught his eye earlier with the word "spirituality" on the cover. Brought up in a strongly religious home he understood the concept. But what did spirituality have to do with any workplace? He was intrigued and decided to read though focusing on the cultural characteristics of an organization that related to spirituality.

- 11) Mario had noticed that some of his employees seemed to stifle their emotions whenever he questioned whether they were coping with the workload and life in general. He decided that he would encourage all employees to open up about their moods and feelings which would relate to the _____ characteristic of spiritual organizational culture.
- A) tolerance of employee expression
 - B) socialization
 - C) ethical work ethic
 - D) risk-taking and freedom

Answer: A

Diff: 2 Type: MC Page Ref: 49

Skill: Applied

Learning Outcome: 2-3 Describe what kinds of cultures managers can create.

12) Because the last four months had been so hectic, Mario felt that he had not provided an environment where his employees could grow and learn. He decided that from now on he would value his employees with _____.

- A) providing role clarity
- B) more socializing opportunities
- C) focus on individual development
- D) flexible work arrangements

Answer: C

Diff: 2 Type: MC Page Ref: 49

Skill: Applied

Learning Outcome: 2-3 Describe what kinds of cultures managers can create.

13) Mario recognized that he was personally also exhausted because he was trying to manage everyone too closely. His next step in reinforcing a spiritual culture would be to _____.

- A) focus more on customer needs
- B) to implement new, clear work processes
- C) empower employees to make decisions
- D) hire more Baby Boomers to boost morale

Answer: C

Diff: 2 Type: MC Page Ref: 49

Skill: Applied

Skill: Recall

Learning Outcome: 2-3 Describe what kinds of cultures managers can create.

23) In a short essay, describe how creating an ethical, innovative and customer-responsive culture impacts the manager's job.

Answer: Strong cultures support high ethical standards and have a positive influence on employee behaviour. A culture most likely to shape high ethical standards is one where managers support high risk tolerance, low to moderate aggressiveness, and focus on means as well as outcomes. In such cultures managers must be visible role models and communicate ethical expectations.

Creative an innovative culture requires managers to provide employees with challenge and involvement, freedom, trust and openness, idea time, playfulness, proper conflict resolution, debates and opportunities for risk-taking.

A customer-responsive culture starts with employee selection and training. The six characteristics of a successful, customer-responsive culture support outgoing and friendly employees, focus less on rigid rules, procedures and regulations, use empowerment, promote good listening skills, ensure role clarity and make sure employees are attentive to customer needs. Managers need to communicate the elements of the culture and model the appropriate behaviours as well as provide support for employees to carry out the new actions.

Refer to the scenario below to answer the following questions.

The External Environment (Scenario)

DigiTech Corporation is a manufacturer of handheld language translation devices. There are many forces in the external environment that influence DigiTech, and its managers are monitoring them closely. One factor is the upcoming federal election. If elected, the leading political candidate has promised to cut corporate taxes to help stimulate the economy. Another factor is the emergence of new competitors with products similar to DigiTech's best-selling model: the Speak-Easy. Advances in the processing speed of computer chips have shortened product development cycles and made it easier for new companies to enter the market. Unfortunately, the recent increase in competition has led to supplier shortages of key components such as microphones and micro-speakers and has left DigiTech scrambling to find new sources!

34) The external environment of DigiTech consists of which two components?

- A) primary environment and secondary environment
- B) specific environment and organizational culture
- C) primary environment and organizational culture
- D) general environment and secondary environment
- E) general environment and specific environment

Refer to the scenario below to answer the following questions.

Managing Stakeholder Relationships (Scenario)

Natasha has been hired by Virtual Screen Corporation, a manufacturer of custom window coverings and retractable screen doors. Virtual Screen has recently been having problems with some of their major stakeholders. Some suppliers have been shipping poor quality materials, and customer complaints are increasing. Natasha has been hired to help resolve the current issues and to develop a plan for managing other stakeholder problems in the future.

39) Natasha begins by defining stakeholders as _____.

- A) the constituencies in the external environment that are employed by the organization
- B) the constituencies in the external environment that own shares in the organization
- C) the constituencies in the external environment that compete with the organization
- D) any constituencies in the external environment that are affected by the organization's decisions and actions

Answer: D

Skill: Recall

Learning Outcome: 2-4 Describe the features of organizational environments.

47) Define environmental uncertainty. Briefly discuss the dimensions of environmental uncertainty and how it impacts managers' work.

Answer: Environmental uncertainty refers to the degree of change and complexity in an organization's environment.

The first dimension of uncertainty is the degree of change. If the components in an organization's environment changes frequently, it is a dynamic environment. If change is minimal, it's a stable one. A stable environment might be one with no new competitors, few technological breakthroughs by current competitors, little activity by pressure groups to influence the organization, and so forth. Degree of change in this case means change that's unpredictable. If change can be accurately anticipated, it's not an uncertainty for managers.

The other dimension of uncertainty describes the degree of environmental complexity, which looks at the number of components in an organization's environment and the extent of the knowledge that the organization has about those components. An organization with fewer competitors, customers, suppliers, government agencies, and so forth faces a less complex and uncertain environment. Organizations deal with environmental complexity in various ways. Complexity is also measured in terms of the knowledge an organization needs about its environment.

48) In a short essay, describe how and why organizations support spirituality as parts of organizational culture. What are the five cultural characteristics of a spiritual organization?

Answer: Workplace spirituality enables employees to seek meaning and purpose in their work as well as find ways to cope with the stresses and pressures of a turbulent pace of life. The five cultural characteristics of a spiritual organization:

1. Strong sense of purpose.
2. Focus on individual development to recognize the worth and value of employees.
3. Trust and openness from mutual trust, honesty and openness.
4. Employee empowerment to make thoughtful and conscientious decisions.
5. Tolerance of employee expression where emotions are not stifled.

Evidence shows that companies that introduced spiritually based techniques improved productivity and significantly reduced turnover.
