

Exam

Name _____

MULTIPLE CHOICE. Choose the one alternative that best completes the statement or answers the question.

1) Items that are purchased by individuals for their own enjoyment are called

- A) government goods and services.
- B) exports of goods and services.
- C) private goods.
- D) consumption goods and services.
- E) capital goods.

Answer: D

Diff: 0 Type: MC

A-Head: 2.1 What, How and For Whom

AACSB: Reflective thinking

2) Items bought by individuals to provide personal enjoyment are termed

- A) consumption or investment goods.
- B) personal goods.
- C) pleasure goods.
- D) consumption goods.
- E) standard goods.

Answer: D

Diff: 0 Type: MC

A-Head: 2.1 What, How and For Whom

AACSB: Reflective thinking

3) What would be an example of a consumption good?

- A) Jake buys an iPhone.
- B) Tony Abbott purchases furniture for his office.
- C) The local driver's licence office purchases a new digital camera and printer.
- D) Antonio, the manager of the local chicken shop, purchases a new deep fryer.
- E) Rhianna gets a haircut.

Answer: A

Diff: 0 Type: MC

A-Head: 2.1 What, How and For Whom

AACSB: Reflective thinking

4) Which of the following is a consumption good or service?

- A) An Australia Post truck delivering Christmas gifts.
- B) A personal computer purchased in order to play games at home.
- C) The Endeavour space shuttle.
- D) A Virgin Airlines ticket counter.
- E) A satellite dish installed by Foxtel to download programs that are then distributed through its cable system.

Answer: B

Diff: 0 Type: MC

A-Head: 2.1 What, How and For Whom

AACSB: Reflective thinking

5) What would be an example of a consumption service?

- A) Rhianna gets a haircut.
- B) Antonio, the manager of your local chicken shop, purchases a new deep fryer.

- C) Tony Abbott purchases furniture for his office.
- D) The local driver's licence office purchases a new digital camera and printer.
- E) Jake buys an iPhone.

Answer: A

Diff: 0 Type: MC

A-Head: 2.1 What, How and For Whom

AACSB: Reflective thinking

6) The largest share of total production in Australia is

- A) consumption goods and services.
- B) imported goods and services.
- C) capital goods.
- D) government goods and services.
- E) exported goods and services.

Answer: A

Diff: 0 Type: MC

A-Head: 2.1 What, How and For Whom

AACSB: Reflective thinking

7) Items bought by businesses to help produce other goods and services are called

- A) capital goods.
- B) government goods and services.
- C) productive goods.
- D) exports of goods and services.
- E) consumption goods and services.

Answer: A

Diff: 0 Type: MC

A-Head: 2.1 What, How and For Whom

AACSB: Reflective thinking

8) Which of the following is NOT considered a consumption good?

- A) Marriage counselling services
- B) Nike running shoes
- C) A Subway sandwich
- D) An Australian government bond
- E) An Australia Post delivery van

Answer: E

Diff: 0 Type: MC

A-Head: 2.1 What, How and For Whom

AACSB: Application of knowledge

9) An item that is purchased to increase businesses' productive resources is

- A) a government good.
- B) a capital good.
- C) a consumption good.
- D) a productive good.
- E) an export.

Answer: B

Diff: 0 Type: MC

A-Head: 2.1 What, How and For Whom

AACSB: Reflective thinking

10) What would be an example of a capital good?

- A) Jeanette buys a new dress.
- B) Rhianna gets a haircut.
- C) Antonio, the manager of the local fish and chip shop, purchases a new deep fryer.
- D) Apple sells computers to Japan.
- E) The local driver's licence office purchases a new digital camera and printer.

Answer: C

Diff: 0 Type: MC

A-Head: 2.1 What, How and For Whom

AACSB: Reflective thinking

11) The difference between consumption and capital goods is that

- A) capital goods are used to produce additional goods while consumption goods are not.
- B) capital goods are provided by the government.
- C) it is illegal to export capital goods.
- D) consumption goods can be enjoyed by many people at the same time.
- E) only big corporations can afford capital goods.

Answer: A

Diff: 0 Type: MC

- E) Antonio, the manager of your local fish and chip shop, purchases a new deep fryer.

Answer: B

Diff: 0 Type: MC

A-Head: 2.1 What, How and For Whom

AACSB: Reflective thinking

15) Goods produced in Australia and sold in other countries are called

- A) exports.
- B) capital account goods.
- C) imports.
- D) foreign goods.
- E) capital goods.

Answer: A

Diff: 0 Type: MC

A-Head: 2.1 What, How and For Whom

AACSB: Reflective thinking

16) An export good is a good produced

- A) in another country and purchased by Australian residents.
- B) in Australia and sold to foreigners living in Australia.
- C) in another country and purchased by foreigners not residing in Australia.
- D) in Australia and sold in other countries.
- E) by foreigners in Australia and purchased by Australian households.

Answer: D

Diff: 0 Type: MC

A-Head: 2.1 What, How and For Whom

AACSB: Reflective thinking

17) Computers and insurance coverage produced in Australia and sold to people in other nations are categorised as

- A) Australian exports of goods and services.
- B) Australian consumption goods and services.
- C) Australian government goods and services.
- D) Australian imports of goods and services.
- E) foreign capital goods.

Answer: A

Diff: 0 Type: MC

A-Head: 2.1 What, How and For Whom

AACSB: Reflective thinking

18) The Melbourne Ski Shop, based in Melbourne, Victoria, sold 60 ski jackets to a Belgian company's headquarters located in Paris, France. The ski jackets are a(n)

- A) government good.
- B) capital good.
- C) consumption service.
- D) export good.
- E) import.

Answer: D

Diff: 0 Type: MC

A-Head: 2.1 What, How and For Whom

AACSB: Reflective thinking

19) Over the past 70 years, which of the following has occurred?

- i. The service sector has grown so that now about 80 per cent of workers are employed in the service industry.
- ii. The manufacturing sector has shrunk, so now about 20 per cent of workers are employed in the production of goods.
- iii. The percentage of workers employed in the service industry has increased steadily.

- A) ii only
- B) i, ii and iii
- C) i and iii
- D) ii and iii
- E) i only

Answer: B

Diff: 0 Type: MC

A-Head: 2.1 What, How and For Whom

AACSB: Reflective thinking

20) Which of the following is NOT considered one of the factors of production?

- A) Capital
- B) Land
- C) Entrepreneurship
- D) Technology
- E) Labour

Answer: D

Diff: 0 Type: MC

A-Head: 2.1 What, How and For Whom

AACSB: Reflective thinking

21) Which of the following correctly lists the categories of factors of production?

- A) Labour, money, stocks and bonds
- B) Forests, fish, buildings, capital and entrepreneurship
- C) Land, labour, capital and entrepreneurship
- D) Land, buildings, capital and entrepreneurship
- E) Labour, machines, buildings, capital and entrepreneurship

Answer: C

Diff: 0 Type: MC

A-Head: 2.1 What, How and For Whom

AACSB: Reflective thinking

22) Which of the following is NOT considered a factor of production?

- A) Land
- B) Entrepreneurial ideas
- C) Labour
- D) Capital
- E) Money

Answer: E

Diff: 0 Type: MC

A-Head: 2.1 What, How and For Whom

AACSB: Reflective thinking

23) Goods and services are produced by using four factors of production:

- A) natural resources, human resources, financial assets and entrepreneurial resources.
- B) land, labour, capital and money.
- C) labour, human capital, physical capital and financial capital.
- D) land, labour, money and equipment.

E) land, labour, capital and entrepreneurship.
